Introduction to Programming Using
HTML and CSS

Introduction to Generative AI

Parth Gupta

Sales Specialist at PW (PhysicsWallah)

Faridabad, Haryana, India

Summary

B.Tech CSE student | Passionate about Technology, Coding & Building Real Projects. I'm a Computer Science Engineering student who loves learning new technologies and solving real-world problems through code. Currently learning HTML, CSS, C, Python, Java and exploring software development, web development, and AI tools.

Interested in: Web Development | Programming | AI Tools | Problem Solving | Tech Content Creation | Video Editing

Actively building projects, improving my skills daily, and looking for opportunities to grow through internships, collaboration, and hands-on learning.

Experience

PW (PhysicsWallah)

Zenvyx

Founder

April 2026 - Present (5 months)

Faridabad

Leading Zenvyx, a tech-focused team dedicated to building innovative digital solutions. Managing projects, collaborating with team members, and working on real-world applications including web development, AI-based ideas, and creative tech solutions. Focused on learning, building, and delivering impactful products.

Life Insurance Corporation of India - LIC

Insurance Operation Assistant (Learning Experience)

April 2025 - August 2025 (5 months)

Faridabad

Worked under the guidance of a licensed LIC agent after my exams to gain practical exposure in insurance operations. Key responsibilities included:

- * Assisting in premium collections and updating payment records
- * Helping customers in loan applications and policy surrender processes
- * Learning about different LIC policy types and their terms
- * Understanding documentation, customer interaction, and fieldwork basics
- * Gaining hands-on experience in the daily working of an LIC office
